

21 October 2012

To all SERCO Members:

Bargaining Update CATCA Local 5454 SERCO

Your bargaining committee met with the company over the last three days. We have raised all of our demands with the company and they now require time to review and cost our proposals.

We have reached agreement on some non-monetary issues that meet the needs of both parties.

Our next bargaining dates are tentatively scheduled for November 8th and 9th in Goose Bay.

The bargaining committee is required to maintain confidentiality through this process and details cannot be discussed by the members of the bargaining committee.

Your patience and support are appreciated.
