

April 27<sup>th</sup>, 2015

**TO: REGIONAL VICE PRESIDENTS  
BRANCHES & FACILITIES**

**Classification Working Group**

The classification working group reconvened in Ottawa April 13 through 17. We had hoped that this would be the week we would see the project completed but that was not the case.

This group is dealing with extremely complex and complicated problems. After the meetings this week, it is apparent more meetings are needed. CATCA is determined to ensure the results of this project are in the best interests of our membership. We will not rush to conclusion on anything that relates to classification and we will ensure this is done correctly.

As previously discussed, the changes being contemplated and developed will effect only the towers at this point and will only relate to unit grading, not ATCP.

In Solidarity;

Peter Duffey  
President

Doug Best  
Executive Vice President
