OSFI Decision

We know members are anxious to hear news about the OSFI pension relief decision. Unfortunately we still have no news to report. We are at the complete whim of OSFI and to date, no decision has been rendered.

More information and details about the ramifications of this delay can be found on President Peter Duffey's blog at: peterduffey.wordpress.com.

If and when we receive a decision, or any news, it will be communicated to the membership without delay.

In Solidarity;

Peter Duffey
President
