**TO: REGIONAL VICE PRESIDENTS
BRANCHES & FACILITIES**

CATCA AWARD OF HONOUR

The CATCA Board of Directors would like to remind members of the CATCA Award of Honour.

The CATCA policy manual states the Award of Honour shall be “awarded to air traffic controllers who have displayed exemplary professionalism in recognition of meritorious action taken during a time of duress which enabled the preservation of safety of passengers, aircrew and aircraft”.

The Award of Honour is only given in exceptional circumstances. We all know those “wow, they did an incredible job” moments that occur in our industry that are far and above day-to-day operations. If you know of one of your coworkers saving the day, consider nominating them for the Award of Honour.

Full details on the Award of Honour are contained in section 5 of the policy manual. Nominations should be made to National Office and include a full description of the event that occurred. The deadline for nominations is October 1 at 9:00 EDT.

Help us recognize these exceptional events that often do not even get reported to national representatives. We rely on our frontline members to be our eyes and ears to select CATCA members for reception of this award.

On Behalf of the Board of Directors,

Peter Duffey
President

Doug Best
Executive Vice President
