### **Familiarization Flights**

As members are aware, 2017 is the last year of the current 3-year Familiarization Flight (FAM) period. However, the FAA has suspended FAMs to all US destinations until further advised. To ensure our members still have access to the FAM program, CATCA has negotiated with NAV Canada to provide alternate unit locations for the remainder of this FAM period.

Until December 31, 2017, destinations specified in the collective agreement appendix C (1-8), shall be expanded to include any NAV Canada facility.

On behalf of the Executive Board,

Peter Duffey  
President

Doug Best  
Executive Vice President
