11.12 List of Arbitrators

The parties will agree to a list of arbitrators to whom grievances may be referred. This list may be amended by mutual agreement (see Appendix E). Each party will alternate in selecting an arbitrator to sit as a sole arbitrator or as a Chair of the Arbitration Board from the appropriate list. In the event that the arbitrator selected by a party is unable to hear the grievance within ninety (90) days of the referral to arbitration, the party having made the selection may choose another arbitrator from the list.

11.13 Expedited Arbitration

- (a) As an alternative to the formal arbitration process set out in the foregoing paragraphs, a grievance may, upon mutual consent of the parties, be referred to a previously agreed-upon sole arbitrator, whose appointment shall be reviewed annually. The arbitrator shall hear the grievance and at the conclusion of the hearing, immediately give a verbal decision with reasons. The arbitrator's decision, with reasons, will be confirmed in writing. The decision shall be final and binding upon both parties and shall be made without precedent or prejudice to similar or like cases. The arbitrator shall not have the power to change the Collective Agreement or to alter, modify or amend any of its provisions.

- (b) To maintain the efficiency of such a process, the parties agree not to use outside legal counsel to argue a case or to call any evidence at expedited arbitration.
- (c) The parties agree to schedule expedited arbitration as required. At least thirty (30) days prior to the hearing, the parties will mutually agree upon a list of grievances to be heard. The parties also agree to prepare a joint statement of facts at least five (5) days prior to the scheduled hearing date.

11.14 Sole Arbitrator v. Board of Arbitration

All grievances will be heard by a sole arbitrator except where the parties mutually agree that the grievance shall be heard by a Board of Arbitration.

11.15 Board of Arbitration

Where the parties agree to a Board of Arbitration, the party referring the grievance to arbitration shall also provide the name of that party's nominee to the Board of Arbitration. Within ten (10) days thereafter, the other party shall answer by registered mail indicating the name and address of its nominee to the Board of Arbitration. The selection of the Chair shall be in accordance with the list of arbitrators as set out in Appendix "E".

11.16 Arbitration Procedure

The arbitrator/Board of Arbitration may determine its own procedure, but shall give full opportunity to all parties to present evidence and make representations in order to determine the issue in dispute.

11.17 Decision

- (a) The decision of the majority shall be the decision of the Board of Arbitration. Where there is no majority decision, the decision of the Chair shall be the decision of the Board of Arbitration. The decision of the Board of Arbitration shall be final and binding and enforceable on all parties, but in no event shall the arbitrator/Board of Arbitration have the power to change the Collective Agreement or to alter, modify or amend any of its provisions.
- (b) The arbitrator/Board of Arbitration shall have the power to modify any penalty imposed by NAV CANADA and in that regard take whatever action is just and equitable in the circumstances.

11.18 Arbitrability

- (a) It is understood that no matter may be submitted to arbitration which has not been properly carried through the grievance procedure. The arbitrator/Board of Arbitration shall have jurisdiction to determine whether a grievance is arbitrable.
- (b) The arbitrator/Board of Arbitration may extend the time for taking any step in the grievance process or arbitration procedure, even after the expiration of the time, if the arbitrator or Arbitration Board is satisfied that there are reasonable grounds for the extension and that the other party would not be unduly prejudiced by the extension.

11.19 Location of Arbitration Hearing

The arbitration hearing shall be held at the city where the work site of the grievor is located and where the circumstances giving rise to the grievance occurred, unless the parties agree otherwise.

ARTICLE 12 DISCIPLINE

Prior to any interview which might be the basis of disciplinary action, the employee will be informed of the date, time, location and purpose of the interview and their entitlement to have a Union Representative of their choice in attendance. The unavailability of the Union Representative of choice will not delay the meeting more than forty-eight (48) hours from the time set for the meeting in the original notice to the employee. At the interview the employee and the Union Representative may make representations and ask questions concerning the events and circumstances. Requests for an earlier meeting date will be subject to mutual agreement.

12.03 Notification of Disciplinary Action

- 14.02 Grievances arising from Article 14.01 shall first be dealt with through an alternate dispute resolution process (ADR) as agreed to by the parties. Once alternate dispute resolution mechanisms are agreed to by the parties, the grievance will be held in abeyance pending the results of the ADR process. Furthermore, employees are precluded from other avenues of redress, save and except applicable legislative procedures, until the ADR process has concluded. The ADR process shall not result in any unreasonable delay.
- 14.03 Any level in the grievance procedure shall be waived if a person hearing the grievance is the subject of the complaint.

The unavailability of the Union Representative of choice will not delay the inquiry, hearing or investigation more than forty eight (48) hours from the time set for the meeting in the original notification to the employee. Requests for an earlier meeting date will be subject to mutual agreement.

15.10 Operating Irregularity

- (a) Where an operating irregularity occurs that could be the subject of an investigation, and where the circumstances that gave rise to the operating irregularity are not as a result of wilful misconduct or gross negligence on the part of an air traffic controller, and where as a result of that operating irregularity the employee's air traffic control licence is suspended, excluding suspension of the Medical Certificate, by a regulatory agency, then the employee shall suffer no loss of his or her normal pay for up to 30 calendar days, during such period of licence suspension. It is acknowledged that the controller will be assigned other related duties during such period of suspension.

- (b) No OSI report or information gathered in an OSI process shall be used for disciplinary purposes.
- (c) No OSI report shall be used in any hearing related to competency.
- (d) If an irregular occurrence has taken place, managers shall immediately arrange for the removal, from control duties, of any controller directly involved in the occurrence until the circumstances have been fully examined.
- (e) Removal from control duties is mandatory and is always applicable except where it is immediately clear and obvious to both the controller and the manager that the incident was caused solely by external influences and that the full responsibility rests elsewhere. This action shall be taken without prejudice and shall not be considered as punitive or disciplinary.

15.11 Prohibition on Use of Documentation

NAV CANADA agrees not to introduce as evidence in a hearing relating to competency any document from the file of an employee, the existence of which the employee was not aware at the time of filing or within a reasonable period thereafter.

 - (i) if the employee so desires, the employee may select legal counsel of his or her choice and the legal fees for such representation shall be borne by the employee;

- (ii) in the event that a conflict of interest arises, the Union and/or the employee may select legal counsel of their choice to represent the employee and the legal fees for such representation shall be their responsibility. Either shift cycle in (c) (i) or (ii) may be used as required by the Employer but shall not exceed 10% of the control requirement in the unit/specialty.

- (d) The shift cycles worked by Unit Operations Specialists shall be determined by NAV CANADA and shall be either:
- (i) four (4) days on, starting on a Monday three (3) days off; four (4) days on three (3) days off; four (4) days on three (3) days off; five (5) days on two (2) days off, or

(e) **Shift Cycle Optimization**

NAV CANADA may, from time to time, after consultation with the local branch, optimize shift cycles at a unit/specialty in accordance with the following procedures:

- (i) No later than 90 days prior to the optimization change, each employee shall choose either a 17/11 pattern or a 34/22 pattern as described in 16.02 (a) and 16.02 (b)(i) and (ii).
 - (ii) Employees may also indicate if they have an interest in the shift cycles listed in 16.02(c), should the optimization result in the generation of such shift cycles.
 - (iii) No later than 60 days prior to the change, the Employer shall publish a shift schedule based on the employees' selection as set out in (i) above.
 - (iv) Employees shall then be entitled to choose among the available shift cycles, in order of seniority, provided they are consistent with their choice made in (i) above. These selections must be completed no later than 30 days prior to the change. Individuals failing to make a selection will be assigned a shift cycle.
 - (v) Should the schedule include shift cycles as listed in 16.02(c), they will be assigned in seniority order to employees who had indicated an interest in such cycles. Should there be an insufficient number of such interested employees, the remaining cycles of this nature will be assigned to employees in the unit/specialty in reverse seniority order.
 - (vi) NAV CANADA will not modify the above assigned shift cycles between two optimization changes, except for those amended in accordance with 16.03.
 - (vii) The minimum time period between optimization changes shall be 12 months unless agreed otherwise by the parties.
- (f) Availability of controllers for overtime shall be the same for employees who adopt the "34/22 shift cycle" as employees on the "17/11 shift cycle" (65 days annually), even though this

means that employees in the former group will not always enjoy two consecutive days of rest.

- (g) There will be no gain or loss of pay or hours in transitioning to or from either of these shift cycles.
- (h) When an employee fully qualifies in a unit or specialty and is to be assigned a new shift cycle, the assignment of the new shift cycle within the work unit shall be as follows:
 - (i) the new shift cycle shall be made available for voluntary selection by all employees in the unit or specialty (including the newly qualified employee) on the basis of seniority; and
 - (ii) should the new shift cycle be selected by any employee, the cycle vacated by that employee shall be made available to the remaining employees on the basis of seniority (NOTE: this same process may be iterated further if and as locally agreed between the parties); and
 - (iii) notwithstanding their seniority, any employee who selects a shift cycle under (i) or (ii) will be ineligible for any future selections under this clause for a period of 12 months from the date of selection; and
 - (iv) the newly qualified employee shall be assigned the last vacated cycle except where it is not of the same type (17/11 or 34/22) chosen by the newly qualified employee. In that latter circumstance, a cycle conforming to that chosen by the newly qualified employee will be created and assigned to the newly qualified employee; and
 - (v) If none of the existing staff select the new shift cycle, the new shift cycle shall be assigned to the newly qualified employee.

The voluntary selection of a shift cycle under this process shall not give rise to any claim for additional compensation (including leave, overtime, etc.) arising as a direct consequence of the change which would not have occurred had he/she maintained his/her previous cycle

- (i) When a new controller is to be assigned a shift cycle in accordance with clause (h) above and there is a more senior controller who has been involuntarily assigned a shift cycle listed

under 16.02 (c) and who wishes to be relieved of that cycle, the new less senior controller will be assigned the shift cycle listed under 16.02 (c) and the more senior controller will have a new shift cycle generated that will be subject to clause (h).

- (j) When the employer determines that a vacated shift cycle needs to be filled, the employer shall apply the process used in (h)(i)(ii) and (iii). For greater clarity, an employee who makes a cycle selection under (h) or (j) will be ineligible for any future selections under either of these sub-clauses for a period of 12 months from the date of the selection.

16.03 Changes to an Employee's Shift Cycle

- (a) Where an employee is required to attend a training program inside of his or her headquarters area, NAV CANADA may amend the shift cycle applicable to an employee for the purpose of providing training to employees, provided that;
 - (i) such amendments shall not be made without at least fifteen (15) calendar days' notice to the employee affected and,
 - (ii) in any vacation year as defined in 27.06(a) not more than five (5) of each employee's days of rest may be converted to working days, and,
 - (iii) each day of rest converted to a working day in accordance with paragraph (ii) above shall be rescheduled as a day of rest to be contiguous to a period of days of rest. This reimbursement must be completed within sixty (60) days of the date the converted day of rest would have occurred had the shift cycle not been amended, and,
 - (iv) the employee shall be compensated for converted days of rest not scheduled in accordance with this Article or not rescheduled in accordance with paragraph (iii) at the overtime rate.
- (b) Where an employee is required to attend a training program outside of his or her headquarters area, for a period of less than thirty (30) consecutive calendar days, NAV CANADA may amend the shift cycle applicable to the employee for the duration of the training period. No overtime shall be payable for such a change in shift cycle, except that overtime compensation shall be

payable for all hours worked in excess of those stipulated under clause 16.01 as a result of the change. The days of rest converted to working days under this clause shall be in addition to the five (5) days specified in clause 16.03(a)(ii). For the purpose of this clause, meal and relief breaks are exclusive of the hours stipulated in Clause 16.01.

- (c) In order to balance the schedule, NAV CANADA may amend an employee's shift cycle where the requirement for amendment will be consistent for thirty (30) consecutive calendar days or more, and notice of the change is provided to the employee at least fifteen (15) calendar days prior to the change. No overtime compensation shall be payable for such a change in shift cycle, except that overtime compensation shall be payable for all hours worked in excess of those stipulated under clause 16.01 as a result of the change.

Prior to altering an employee's shift cycle, NAV CANADA will attempt to accomplish the change by using volunteers. If there are no volunteers, the cycle of the employee with the least seniority may be changed.

- (d) When an employee is required to undergo remedial training specifically recommended by an operations safety investigation or an Administrative Inquiry, NAV CANADA may amend the employee's shift cycle for the period of such training. No overtime compensation shall be payable for such a change in shift cycle, except that overtime compensation shall be payable for all hours worked in excess of those stipulated under clause 16.01 as a result of the change.
- (e) It is understood that certain employees, may be required to change their shift cycle for varying periods of time in order to carry out non control duties. When such change is required, the cycle shall be determined by NAV CANADA and shall be either:
 - (i) four (4) days on, starting on a Monday three (3) days off; four (4) days on three (3) days off; four (4) days on three (3) days off; five (5) days on two (2) days off, or
 - (ii) four (4) days on, starting on a Tuesday three (3) days off; four (4) days on three (3) days off; four (4) days on two (2) days off; five (5) days on three (3) days off.

- 1. No change in such an employee's cycle will be made unless the requirement to change is

- consistent for thirty (30) consecutive calendar days or more.
2. Advance notice of such requirement which will involve a change in the employee's cycle should be given at least fifteen (15) calendar days prior to the earliest date that the changed circumstances may commence. If notice of the change is less than fifteen (15) calendar days, the employee shall be paid a premium of four (4) hours' pay at the straight-time hourly rate for each shift or day worked during the period of the change for which he or she had not received fifteen (15) calendar days' notice.
 3. Employees shall receive fifteen (15) calendar days notice when they are required to return to their original shift cycle. The employee may be returned to control duties before the expiry of that notice period. With mutual agreement between the employee and the manager, the fifteen (15) days notice may be waived or reduced.
 4. The provisions of this clause shall not be applied to an employee for a period or periods in excess of an aggregate of eight (8) months in any twelve (12) month period.

16.04 Shift Schedules

- (a) Shift schedules shall be posted at least fifteen (15) calendar days in advance in order to provide an employee with reasonable notice as to the shift he or she will be working. The shift as indicated in this schedule shall be the employee's scheduled hours of work.
- (b) If it is necessary to amend the posted schedule, NAV CANADA will make every reasonable effort to contact the employee affected by the amendment to advise him or her of the change at the earliest possible opportunity. If the employee has serious objections to the amendment, NAV CANADA shall make every reasonable effort to accommodate the employee provided that it will not result in any additional overtime payments than would have otherwise been the case if the employee had not been so accommodated.

- (c) An employee who is required to change his or her scheduled shift without receiving at least seven (7) days' notice shall be compensated at the rate of time and one-half (1 1/2) for all hours worked on the first shift on the revised schedule which are outside of the employee's original scheduled hours of work. Subsequent shifts worked on the revised schedule shall be paid for at the straight-time rate.

In addition to the above where an employee's scheduled shift is changed with less than seven (7) days notice and the reason for the change is due to circumstances within the control of the Company, time and one half (1-1/2) will be paid for all changed hours worked on the revised schedule which are outside of the employees' original scheduled hours of work

- (d) Once the current shift schedule is posted, the Employer will not unilaterally alter an employee's scheduled shift to accommodate a vacation leave or lieu leave request subsequently made by another employee.
- (e) Short change occurs when the period between the end of one shift and the beginning of the next is less than ten (10) hours.

NAV CANADA shall:

- (i) not schedule a short change, subject to the following:

With a minimum of 56 days notice prior to the posting of a new schedule the local Union in a unit (in towers) or a specialty (in ACCs) may select a short change in accordance with one of the options listed in (1) or (i2) or neither. All operational staff in the unit/specialty will be on the same option.

1. the Employer may schedule a short change where the minimum time off between shifts is not less than eight (8) hours, no more than once during each employee's "work week" (see definition).
2. the Employer may schedule a short change where the minimum time off between shifts is not less than nine (9) hours, no more than twice during each employee's "work week". Such reductions shall not occur consecutively.

3. Employees, at their individual option, may elect short changes provided there are at least seventy-two (72) hours between the start of a short-changed shift and the start of the next short changed shift. Notwithstanding the above, at no time can a short change be less than eight (8) hours.
 - (ii) not schedule regular shifts other than 8 hours and 28 minutes in duration (effective December 4, 2017, 8 hours in duration).
 - (iii) ensure that the employee's first scheduled shift of a "work week" shall start later than 5:29 a.m. of the calendar day on which the "work week" begins. For clarity "first scheduled shift" refers to a day on which the employee is actually required to report to work in accordance with the schedule at the time of publication. With mutual agreement between the union and the manager at the local unit level this restriction may be modified.
- (f) NAV CANADA shall not schedule split shifts

16.05 Shift Exchanges

- (1) Equally qualified employees may exchange shifts provided:
 - (a) the provisions of clause 16.04(e)(i) or clause 20.04 are not violated,

 - (e) once such an exchange of shifts has been approved, it will be the responsibility of the employees involved to report for duty in accordance with the approved revision,
 - (f) if there is a difference in the length of the shifts being exchanged, NAV CANADA will only consider the original scheduled shift length when balancing the hours of work,

- (g) balancing of hours resulting from shift exchanges will be a private matter between individuals.
- (2) An employee may exchange his/her own scheduled shift with a vacant shift on the schedule in accordance with all of the following rules:
- (a) the provisions of clause 16.04(e)(i) or clause 20.04 are not violated;
 - (b) the employee shall make every reasonable effort to provide a minimum of twenty-four (24) hours' advance notice of the change;
 - (c) the shift change receives the approval of NAV CANADA, which shall not be unreasonably withheld;
 - (d) it will not require any additional payment of overtime or time off in lieu;
 - (e) there is no negative operational impact;
 - (f) the employee requesting a shift exchange shall be responsible for arranging the replacement for their vacated shift if management determines it is required;
 - (g) the exchange must be completed on the current published schedule(s);

NOTE: At the sole discretion of NAV CANADA, the exchange set out above in Article 16.05(2) may also be approved in cases where the shift on the schedule is not a "vacant" shift.

Where operational requirements permit, NAV CANADA will provide employees with meal and relief breaks.

Such hours are part of the hours of work set out in clauses 16.01 and 16.07.

- a. Determine the difference in the hourly rate between the employees' substantive position and the higher level position.

NAV CANADA will endeavour to make cash payment of compensation for performing higher level duties in the month following the month in which the higher level duties were performed.

- c. If an employee is salary protected their additional compensation under this clause shall be 6.6% of their salary protected normal pay.

17.05 Where an employee, through no fault of his or her own, has been overpaid, NAV CANADA will, before recovery action is implemented, advise the employee of the intention to recover the overpayment. Where the amount of overpayment is in excess of fifty dollars (\$50.00) and where the employee advises his or her local management that the stated recovery action will create a hardship, arrangements will be made by NAV CANADA to limit recovery action to not more than ten percent (10%) of the employee's pay each pay period until the entire amount is recovered.

17.06 NAV CANADA will notify the Union in writing thirty (30) days in advance of the creation of any new jobs within the bargaining unit.

 - (ii) that the days which are carried over from the previous vacation year are taken at a time which is acceptable to both NAV CANADA and the employee;
 - (iii) that an employee's vacation earned in the vacation year will be utilized before days carried forward from the previous vacation year;

- 27.10 An employee whose employment is terminated by reason of a declaration that the employee abandoned his or her position is not entitled to receive the payment referred to in 27.09, unless the employee requests it within six (6) months following the date upon which the employee's employment is terminated.

- (a) NAV CANADA shall immediately notify the Union that it intends to rely on paragraph 32.11 to delay the employee's entry into the training program and such notification shall include the facts demonstrating the staff shortage; and
- (b) the parties shall develop an action plan to permit the release of the affected employee at the earliest possible date.
- (c) an employee who accepted a training offer and whose deferral date at the time of the publication of the National Bid Program is greater than two (2) calendar years, will have the opportunity to withdraw from his or her training offer without penalty.

32.13 Training Period

A successful applicant under either the National or Interim Bid Program shall be entitled to a reasonable training period in which to qualify.

32.14 Return Rights

- (a) A successful applicant under either the National or Interim Bid Program (excluding Transfer Down) or the competitive process for Supervisory control positions shall retain his or her position during training. Such “return rights” shall be extinguished at the date on which the successful applicant qualifies in the new position.
- (b) A successful candidate for Data Systems Co-ordinator and non-control positions shall have a sixty (60) day period of “return rights” following his or her report to the new position, subject to the following:
 - (i) the return rights period may be extended by mutual agreement;
 - (ii) no relocation expenses shall be paid during the return rights period unless mutually agreed otherwise. In the latter case the return rights shall be extinguished;
 - (iii) the employee shall receive travel expenses in accordance with the NAV CANADA Joint Council Travel Guidelines during the return rights period.

32.15 Advice to and Response of Selected Employee

- (a) The selected applicant under the Staffing process shall be advised in writing of the following:
 - (i) the nature of the training program;
 - (ii) the commencement date and duration of any training or, in the absence of any training requirement, a familiarization period and the commencement date to begin performing the duties of the position;
 - (iii) description of the employee’s return rights if any.
- (b) The employee shall have a maximum of nine (9) calendar days to respond to the notice.

32.16 Travel and Relocation Expenses

Selected employees assigned to a position or training in a new location shall be eligible for authorized travel and relocation expenses in accordance with the NAV CANADA Joint Council Travel and Relocation

policies and the special provision for air traffic controllers undergoing operational training.

32.17 Positions Not Subject to Staffing Procedures

Positions to be filled while the incumbents are absent for whatever reason and where they retain a return right shall not be subject to staffing procedure under the present article.

32.18 Projects and Temporary Positions

The positions referred to in paragraph 32.17 and temporary positions required for special projects and urgent temporary needs may be filled at NAV CANADA's discretion by regular or temporary employees.

32.19 Requalification

Employees exercising return rights shall be subject to the successful completion of any required training and endorsement.

32.20 Return Notice from Leave of Absence

Within sixty (60) days prior to the expiry of an authorized leave of absence of twelve (12) months or more, the employee shall advise NAV CANADA in writing of his or her desire to return to work.

32.21 Level Changes

- (a) In the event that a position at a given location is modified to the extent that an increase in level is required, the employee presently filling the position, if qualified, may be assigned to the higher level. If necessary, the employee may be provided with a familiarization period.
- (b) In the event that the modification results in a lower level, the employee presently filling the position may request to remain in the position at the lower level or be subject to the provision of Article 33 Employment Security. In the former case, the employee's salary shall be salary protected.

32.22 Probationary Period

For all Air Traffic Controllers-in-training in Control Towers, the employee shall be a probationary employee from the date he or she reports to his or her first unit until such time as the employee has been fully qualified at a unit.

For all Air Traffic Controllers-in-training in Area Control Centres, the employee shall be a probationary employee from the date he or she reports to the On-the-Job Training phase at his or her first unit until such time as the employee has been fully qualified at a unit.

32.23 Second Language Proficiency

Notwithstanding paragraph 32.22, an employee hired on the basis that he or she will acquire a second official language during employment will be deemed to be on probation until such time as the employee has successfully met the condition. In this case the probationary period may be extended by NAV CANADA by a period equivalent to the accumulated regular work time taken by the employee in language training.

32.24 Ab-initio Trainees

Ab-initio trainees who have not been issued a certificate of successful completion of a course in air traffic control given by NAV CANADA shall not be governed by the present collective agreement. On the date of successful completion of a basic airport (VFR) course or Generic Terminal or Generic IFR course in air traffic control given by NAV CANADA, an ab-initio trainee shall become an employee in the bargaining unit.

32.25 Definition of Regular Employee

A regular employee is an employee hired on an ongoing basis for an indeterminate period.

32.26 Definition of Location

A location, for the purpose of Article 32 Staffing and Article 33 Employment Security, is identified by the premises where the employee normally works or the organizational entity to which the employee is attached.

32.27 Training Opportunities

In the case of vacancies for ACC positions, NAV CANADA shall endeavor to provide fifty percent (50%) of the training opportunities to eligible employees on the seniority list.

32.28 List of Permanent Positions

Once during the first twelve months from the signing of this agreement, and every year thereafter, NAV CANADA shall provide the Union with a list of all permanent positions within the bargaining unit.

ARTICLE 33 EMPLOYMENT SECURITY

33.01 Early Identification of Surplus Situations

In the event of a reduction in the workforce the following provisions shall apply for the early identification of a potential displacement situation:

- (a) potential job displacement situations include lack of work, facility closure, economic downsizing, technological change, organizational change, contracting out, or any other action that may result in a job displacement situation; and
- (b) where NAV CANADA identifies potential job displacement situations it shall notify in writing the Union at the national level at the earliest possible opportunity.

33.02 Meaningful Union/NAV CANADA Consultation

Meaningful Union/NAV CANADA consultation shall begin:

- (a) following notice to the Union of potential job displacement and prior to any letters of vulnerability being given to any employee;
- (b) with the intent to minimize adverse consequences of job displacement, and resolve surplus situations without layoff, through the development of a human resource transition plan if the number of employees affected is ten (10) or more or if all the employees in a location are affected. Any human resources plan so developed shall be provided to the Union. Areas of consideration by NAV CANADA shall include, but are not limited to the following:
 - (1) elimination of casuals and term or temporary employees;
 - (2) voluntary methods, including job exchange, transfers to vacant positions at equivalent levels, and retraining;
 - (3) alternate work arrangements, including job sharing and part-time;
 - (4) leaves of absence;
 - (5) seeking voluntary separation through NAV CANADA's departure incentive program (See Appendix F).

- (c) seniority shall be applied where possible when two (2) or more employees at the same level are qualified for an available position identified under paragraph (b) above.

33.03 Opportunities for Employees to be Considered for Other Employment Vacancies

The following provisions shall apply to affected employees to be considered for other employment vacancies with NAV CANADA:

- (a) vulnerable employees will be sent formal notice of their vulnerable status and options will be explored with the employee on an individual basis and such discussions shall take place within thirty (30) days of receipt of notice;
- (b) the employee shall receive a formal notice of surplus status at least six months prior to layoff date (surplus period), copied to the Union; and
- (c) in the event that two (2) or more employees at the same level and location are vulnerable or surplus and all cannot be assigned under the present article or Article 32.05 Priority Placements, lay-off shall be by reverse order of seniority.
- (d) if NAV CANADA and the employee have been unsuccessful in finding an appropriate job opportunity within NAV CANADA at the end of the surplus period, the employee may choose layoff with recall rights, or accept a NAV CANADA departure incentive program. NAV CANADA reserves the right to offer a departure incentive program during the surplus period. An employee with fifteen (15) or more years of continuous service shall not be required to accept an assignment that would require the employee to relocate. In this last case if the employee refuses the assignment he or she shall remain eligible for a NAV CANADA departure incentive program or lay-off with recall rights.

33.04 Decline of Reassignment or Departure Incentive

An employee who declines a reassignment or refuses the offer of the NAV CANADA departure incentive program shall be laid off and his or her name shall be inscribed on a recall list.

33.05 Position Exchange Provision

- (a) In situations of permanent reduction in the work force NAV CANADA, at its discretion, may accept the offer of resignation by an employee for the purpose of providing a position for an

employee subject to lay-off. Factors to be considered shall include the qualifications of the employee subject to the lay-off, the position, level and requirements, its location and costs. The employee accepting termination shall be entitled to the NAV CANADA departure incentive program.

- (b) In the event that layoff at a particular location is the result of technological change NAV CANADA will accept the offer of resignation by an equally qualified employee at that location for the purpose of providing a position and continued employment to the person subject to layoff. The employee accepting termination shall be entitled to the NAV CANADA departure incentive program.
- (c) In the event that layoff not confined to a particular location is the result of technological change NAV CANADA will accept the offer of resignation by an equally qualified employee for the purpose of providing a position and continued employment to the person subject to layoff. The employee accepting termination shall be entitled to the NAV CANADA departure incentive program.

NOTE Articles 33.05(b) and (c) will apply until the expiry of the collective agreement.

33.06 Unsuccessful in Training

A surplus employee unsuccessful in training shall be eligible for the option provided for in paragraph 33.03 (d) above. In this case the training period is deemed to be included in the surplus period. However, if the training period extends beyond the surplus period, the notice of surplus is deemed to have been extended. If the employee decides to remain with NAV CANADA during the balance of his or her surplus period, the employee shall remain eligible for a position assignment under the original plan.

33.07 Recall

Recall to a position shall be by order of seniority among the qualified employees laid off from the same or higher level and in accordance with Article 32.05 (Priority Placements). Relocation expenses shall be paid to a recalled employee as required.

33.08 Training for Recalled Employees

A recalled employee who is unsuccessful in training shall be laid off. In this case the original recall period shall not be extended.

33.09 Employment Ceases

An employee who accepts the NAV CANADA departure incentive payment or, who refuses recall under paragraph 33.07, shall cease to be an employee of NAV CANADA.

33.10 Application of Collective Agreement to Laid Off Employees

Unless specified otherwise the terms, conditions and benefits provided for in the Collective Agreement shall not apply to laid-off employees.

33.11 Incumbent's Rights

An employee who occupies a unilingual position that NAV CANADA designates bilingual by its own action or to meet statutory requirements and who does not meet the second language requirement, or an employee who does not meet a higher second language proficiency standard for the position set by NAV CANADA or through statutory requirements, shall be entitled to reassignment to a position at the same level in the region with relocation expenses in accordance with the NAV CANADA Joint Council Relocation Policy. If no position at the same level in the region is available, the employee may elect to accept an assignment in another region with relocation expenses or accept the NAV CANADA departure incentive program. The employee shall be considered a vulnerable or surplus employee for purposes of the priority placement provisions in Article 32.05. If the employee is not reassigned or does not accept the NAV CANADA departure incentive program he or she shall be subject to lay-off.

33.12 Contracting Out

In the event of contracting out, a surplus employee shall be entitled to reassignment to a position at the same or lower level in the region with relocation expenses. If no position at the same or lower level in the region is available and regardless of the level of the employee's position, the employee may elect to accept an assignment to a vacant position at the same or lower level in another region with relocation expenses or accept the NAV CANADA departure incentive program. If the employee is not reassigned or does not accept the NAV CANADA departure incentive program he or she shall be subject to lay-off.

ARTICLE 34 SEVERANCE PAY

34.01 Under the following circumstances and subject to clause 34.02, an employee shall receive severance benefits calculated on the basis of his or her weekly rate of pay:

(a) Lay-Off

- (i) On the first lay-off, at the expiry of the twelve (12) month recall period, two (2) weeks' pay for the first complete year of continuous employment with NAV CANADA since November 1, 1996, and one (1) week's pay for each additional complete year of continuous employment with a maximum benefit of thirty (30) weeks' pay.
- (ii) On second or subsequent lay-off, at the expiry of the twelve (12) month recall period, one (1) week's pay for each complete year of continuous employment with a maximum benefit of twenty-nine (29) weeks' pay, less any period in respect of which he or she was granted severance pay under 34.01(a)(i) above.

(b) Retirement

On retirement, when an employee is entitled to an immediate annuity or entitled to an immediate annual allowance either from the NAV CANADA Pension Plan and/or the Public Service Superannuation Act, one week's pay for each complete year of continuous employment with a maximum benefit of thirty (30) weeks' pay.

(c) Death

If an employee dies, there shall be paid to his or her estate, one (1) week's pay for each complete year of continuous employment to a maximum of thirty (30) weeks' pay, regardless of any other benefit payable.

34.02 Severance benefits payable to an employee under this Article shall be reduced by any period of continuous employment in respect of which the employee was already granted any type of termination benefit by the Public Service or NAV CANADA. Under no circumstances shall the maximum severance pay provided under clause 34.01 be pyramided.

34.03 The weekly rate of pay referred to in the above clauses shall be the weekly rate of pay to which the employee is entitled for the classification of his or her substantive position on the date of the termination of his or her employment.

34.04 On August 31, 2017 members of CATCA were provided with the opportunity to elect a voluntary payout of accrued severance. Employees who elected this option are no longer entitled to accrue severance towards retirement under 34.01 (b). Under no circumstances shall the maximum severance pay provided under this Article be pyramided.

APPENDIX “G”
MEMORANDUM OF AGREEMENT BETWEEN NAV CANADA
AND THE CANADIAN AIR TRAFFIC CONTROL ASSOCIATION
CATCA/UNIFOR LOCAL 5454

The parties agree that it may be operationally advantageous to implement work schedules for employees in control positions that vary from Article 16. Accordingly, NAV CANADA agrees to consult with CATCA/Unifor Local 5454 during the closed period of this Collective Agreement in order to consider the practicality of instituting such work schedules on a trial basis.

It is further agreed that the implementation of any such variation in hours shall not result in any additional overtime work or additional payment by reason only of such variation nor shall NAV CANADA’s right to schedule any hours of work permitted by the terms of the collective agreement be restricted.

Notwithstanding the provisions of the CATCA Collective Agreement, NAV CANADA and CATCA/Unifor Local 5454 agree that special hours of work arrangements may be implemented at certain work locations of NAV CANADA subject to all of the following considerations:

- (a) normal scheduled hours of work must average thirty-six (36) hours per week, scheduled over a period not exceeding fifty-six (56) days;

Effective December 4, 2017, normal scheduled hours of work must average thirty four (34) hours per week, scheduled over a period not exceeding fifty-six (56) days;

- (b) normal scheduled hours of work shall not be less than six (6) hours per shift, and shall not exceed ten and one half (10.5) hours per shift;
- (c) any special arrangement applicable to a work location is restricted to that location and shall apply to all employees of the location;
- (d) any special arrangement may be at the request of either party and must be mutually agreed between NAV CANADA and the majority of employees affected;
- (e) any special arrangement shall be subject to the approval of regional management and authorized bargaining agent representative at the regional level;
- (f) where a special arrangement is not approved at the regional level, the matter shall be referred to NAV CANADA and the bargaining agent at the national level for consultation.

The special arrangement which has been implemented at a work location under the provisions of this Memorandum of Agreement may be discontinued sixty (60) days following written notice from either party, or earlier if mutually agreed.

The introduction or discontinuation of any special arrangement may require a shift cycle optimization and such optimization shall not be subject to Article 16.02(e)(i) and Article 16.02(e)(vii).

Re: Midnight Shifts

This letter is to confirm that effective January 1, 2000 in accordance with Conciliation Commissioner Burkett's recommendation of May 17, 1999, NAV CANADA will not schedule single controller coverage on the midnight shift at any ACC or Tower except where the parties agree to some other arrangement in respect of a particular location.

LETTER OF UNDERSTANDING 1999-06

Re: Maintenance of Salary

This is to confirm an understanding reached during the current negotiations in respect of removal from active control duties for medical reasons.

Provided a controller has performed active control duties for NAV CANADA (or in the case of a "continued employee" for NAV CANADA and Transport Canada) for a period of five (5) years and is no longer able to perform active control duties due to medical reasons, it was agreed that the individual involved would suffer no loss of his or her normal pay for a minimum of one (1) year. Subject to paragraph 4 this one (1) year period will commence on the date on which the medical endorsement of his or her air traffic controller licence is revoked or sixty (60) days following the first day that the employee ceased to exercise active control duties as a result of being on sick leave, whichever is earlier. This maintenance of salary would be conditional upon the employee first performing other duties related to his or her technical background and/or experience as assigned by NAV CANADA for which the employee is medically qualified. If the employee is unable to perform such duties because of medical reasons or if no alternate duties are available then he or she must utilize all earned leave credits during the maintenance of salary period referred to above.

The total maintenance of salary provided under this letter shall not exceed one (1) year during an employee's total period of employment within NAV CANADA and its predecessor the Public Service unless, through consultation on individual cases, the parties agree to an extension of salary maintenance.

An employee will not be placed on maintenance of salary if the employee has sufficient sick leave credits to cover the period of his or her absence and the employee's LVC is not affected.

Re: Retraining and Reassignment

LETTER OF UNDERSTANDING 2003-02

Re: Timeliness of the Provision of Sick Leave Certificates

This LOU is limited to the matter of administrative pay action and is not intended to, in any way, restrict, fetter or alter the rights of either party under Article 24 of the collective agreement.

The parties agree that it is appropriate that Sick Leave Certificates required under Article 24 of the collective agreement are to be provided in a timely fashion. It is intended that controllers who are required to provide a Sick Leave Certificate shall either do so immediately upon their return to work following an illness or injury or without delay in other cases.

Notwithstanding the above requirement, irrevocable administrative pay action shall result from the failure to provide any required Sick Leave Certificate within fifteen (15) days of it being required.

For clarity, nothing in this LOU derogates from the employer's right, in reasonable circumstances, to take administrative action where a certificate is not produced when requested.

LETTER OF UNDERSTANDING 2003-03

Re: Calculation of "Ten Days Pay"

The current Air Traffic Control collective agreement is unclear with respect to how ten (10) days pay is calculated when determining a controller's monthly entitlement to Vacations (27.01), Sick Leave (24.01) and Operational Facility Premium (OFP)/ATC Premium (19.01)

Therefore, the parties agree that :

Ten (10) days pay means the controller must receive pay for ten (10) regularly scheduled shifts;

The length of the shift is not material;

For the purposes of this calculation only, overtime shifts are counted as regularly scheduled shifts.

LETTER OF UNDERSTANDING 2005-01

Re: Ten Hour Rule

Further to the Union's proposal to introduce opportunities to waive the ten hour rule, the parties have agreed to the following:

- (i) An employee has the responsibility to report to work, rested and prepared to perform their duties.
- (ii) The Employer will closely monitor the use of this waiver, keeping in mind that the principles of fatigue management will be adhered to at all times.
- (iii) Where either party believes that the use of this waiver results in concerns related to fatigue, degraded performance or other identified safety issues, it will give notice to the other in order to discuss in good faith, these concerns with a view to modify and/or amend the waiver provisions as required.

3. Incumbents who lose their Medical Certificate may choose to be placed on MOS if eligible or if not eligible, will be assigned to the position of "IFR Instructor".
4. In accordance with Clause 30.01(a), NAV CANADA will continue to pay the costs of maintaining the Medical Certificate for those employees who are assigned to the position of "IFR Controller" under this LOU.

NOTE: The same terms and conditions set out above for "IFR Controllers" and "IFR Instructors" shall apply, *mutatis mutandis*, to VFR Controllers and VFR Instructors.

LETTER OF UNDERSTANDING 2005-03

Re: Maintenance of Salary – OFP – Leave Utilization

1. In accordance with arbitrator Kenneth Swan's award dated July 27, 2004, employees must utilise earned vacation or lieu leave credits during the Maintenance of Salary period (LOU 1999-06).
2. Where the end of the vacation year falls during an employee's Maintenance of Salary period, and the employee has unused vacation or lieu leave credits earned in the current year, the employee will not be paid out for such credits but will continue to utilize them during the Maintenance of Salary period in accordance with LOU 1999-06. Leave carried over from the previous year will be paid out in accordance with Article 27.06(c)(iv) and 28.03(g).
3. During the period when an employee is on maintenance of salary and is credited with lieu leave in accordance with Art. 28.03(a)(ii), such lieu leave hours will be debited from the employee, while still on maintenance of salary, only on the day of each designated holiday at the rate of 8.47 hours per holiday (effective April 1, 2018, at the rate of 8 hours per holiday).

LETTER OF UNDERSTANDING 2009-01

Re: Use of Employer Facilities

This letter is to confirm our understanding reached during the current round of bargaining regarding the use of employer facilities for union business.

NAV CANADA shall permit CATCA and other unions to jointly use one space in each of the Area Control Centres (ACCs) as a union office where sufficient space currently exists or may in the future become available. NAV CANADA shall cooperate in facilitating access to communication (telephone, fax, internet, etc.) lines. The costs of installing and maintaining communication lines and equipment shall be borne by CATCA and/or other unions, as determined by those participating unions. Where such communication lines make use of NAV CANADA lines, CATCA and other participating unions shall ensure that NAV CANADA protocols are strictly followed to ensure data integrity, security, and privacy. NAV CANADA shall not make capital expenditures to create, furnish or finish the spaces. The cost of such expenditures shall be borne by CATCA and/or other participating unions, as determined by those participating unions.

In locations other than the ACCs, NAV CANADA is committed to the principle of providing useful space (including, but not limited to, the temporary use of employer's office space, training rooms, or lunch rooms) for the purposes of conducting union business on an ad-hoc basis, when such space has been requested. In addition, NAV CANADA agrees that, at a minimum, space for a locked cabinet should be provided to store union files. Concerns regarding the amount of space provided in sites other than the ACCs shall be brought to the site manager by the local union representative and shall be reviewed on a case-by-case basis with the principles of this letter in mind.

NAV CANADA may, on 60 days' written notice, reclaim any of the permanent spaces provided, subject to the commitments contained in this letter. Where such reclamation of the employer's space occurs, NAV CANADA shall reimburse CATCA for all reasonable and depreciated capital expenditures made in finishing the offices. The depreciated value shall be determined based on CRA capital cost allowance rates or NAV CANADA depreciation policy rates or 5 year straight line depreciation.

LETTER OF UNDERSTANDING 2011-01

Re: Travel and Relocation Expenses

In addition to the provisions in article 32.16, air traffic controllers may chose the following option while undergoing training for control positions:

Temporary assistance up to a maximum of 18 months prior to qualification. This maximum assistance period may be extended by mutual agreement. This assistance will only include:

- (i) Reimbursement for rental accommodations up to a monthly maximum of \$1,000 upon submission of receipts.
- (ii) Transportation home once every 3 months of completed training in lieu of a HHT. This trip home will be to the employee's former place of duty to visit dependants living in the principal residence, or an equivalent trip for the spouse to the training location, at a time of the employee's choice during this period, work schedules permitting.

The employee will only be permitted to relocate upon qualification and this relocation must occur immediately. This may only be delayed due to children's school term and the employee will have a maximum of 30 days to sell residence.

This optional program will expire with the expiry of the collective agreement.

LETTER OF UNDERSTANDING – 2011-02

Re: Voluntary Weekend Worker Trial

During the current round of collective bargaining CATCA and NAV CANADA agreed to renew the voluntary weekend worker trial negotiated during the previous round of bargaining and established in September of 2009 and extended during collective bargaining in 2011. The trial shall be continued for the life of the current collective agreement. The following terms shall apply:

CATCA and NAV CANADA have agreed to undertake shift cycle trials whereby employee(s) agrees to work a triple 4/3, 5/2 cycle beginning on any day of the week provided scheduled days worked in each week are consecutive and include at least one of a Saturday or Sunday. This affords other employee(s) the opportunity of enjoying additional weekends off.

General Managers of each region will be authorized to enter into trials in any units/specialties that are interested (no limit), subject to local union consent, utilizing the following base criteria:

- Trials shall be for a 1-year period (taking into consideration the start/end of 56-day averaging periods)
- The trials shall be planned in advance, and the employer shall endeavour to place participants on weekend worker schedules before local annual leave selection commences
- Voluntary participation (confirmation of interest and agreement through local manager and CATCA Branch Chair)
- Participants may not opt out during the trial
- Trial must be operationally feasible, and this to be determined by the discretion of management
- No loss, no gain in pay or hours in transition to or from weekend worker schedules
- Selection process for trial cycles shall be in accordance with Clause 16.02(h) of the collective agreement
- No employee's shift cycle will be changed as a result of this trial except by the employee's consent

- Participants in the trial are not eligible to select any newly generated cycles while on the trial.

Three months prior to end of trials, national representatives of union and management will meet to review the findings:

- Both parties must agree to extend trial or implement new schedules, otherwise trials are cancelled without prejudice to either party;
- If trials are cancelled, or if the employee opts out of the weekend worker initiative after the trial has concluded, those who changed cycles to participate in the trial will be guaranteed a cycle that contains at least as many weekends off as they enjoyed prior to participating in the trial.

LETTER OF UNDERSTANDING 2011- 04

Re: Advisory Committee for Enhancement of Shift Schedules

This is to confirm our understanding reached during the current round of bargaining regarding the advisory committee for enhancing shift schedules.

The committee will consist of two (2) representatives, one appointed by each of management and the union. The committee shall review local schedules and provide non-binding advice on the possible enhancement of shift schedules in an attempt to meet the desires of local staff regarding hours of work and days off.

Reviews shall take place by teleconference, except where otherwise mutually agreed by union and management. The two representatives shall meet as required, but at least once during the life of the contract. There shall be no loss of pay for representatives appointed to the committee for time spent on committee work.

LETTER OF UNDERSTANDING 2017-04

Re: End of Career Leave Program Trial

The parties agreed to a three-year trial whereby employees would be permitted, at their sole option, to bank any portion of their worked hours of overtime for use as a period of leave just prior to retirement. The conditions are as follows:

- Employees must have at least twenty (20) years of continuous service to be eligible to participate in the program.
- On March 31 of each year (2018, 2019, 2020) of the trial, eligible employees who have accumulated and not utilized time off in lieu of overtime (TOIL) may deposit any portion of those hours into their End of Career Leave Program (“the EOC Bank”). Such hours may not thereafter be paid out nor utilized as time off except in accordance with this program. EXCEPTION: Employees who become unable for whatever reason to take their EOC Leave in accordance with this LOU (such as failure to give the required advance notice, or falling ill prior to the start of the EOC Leave) shall have such banked time paid out.
- Employees may bank up to a maximum of six (6) calendar months of End of Career Leave.
- Employees wishing to use their banked time for EOC Leave must give the Company at least six (6) months’ notice prior to the intended start date of the EOC Leave, as well as an irrevocable notice of retirement to immediately follow the period of EOC Leave. NOTE: Subject to paragraph 3 above, any unused TOIL credits remaining on the date employees provide their six months’ notice may be deposited in their EOC Bank.
- For clarity, once the EOC Leave period begins, employees will no longer be scheduled to perform any regular or overtime work. Such period of leave will be considered as time worked for all purposes, including but not restricted to earning of additional leave credits (sick, vacation, etc.) which shall be paid out upon retirement.
- Once the EOC Leave begins, employees will no longer be eligible to commence Sick Leave, MOS and Long Term Disability.
- Irrespective of whether the three-year trial is renewed after 2020, time banked under this trial program will continue to be available for EOC Leave.
