BRANCHES & FACILITIES**

COVID 19 – Union Update #7

We thank the members for their patience as we worked with NAV CANADA to attempt to get scheduling issues resolved. Unfortunately, one region in particular remains a problem for us as management in the Montreal FIR are being extremely difficult and hard to work with. We will continue to work on getting schedules finalized there.

If you haven't seen it, IFATCA has published some guidelines on how to deal with the stress of this pandemic. There are some helpful tips that can be read [here](#).

President Peter Duffey has posted another video message answering questions that the members have sent in. If you are interested, it can be viewed [here](#).

As we continue to work our way through this pandemic, we again thank our members for their professionalism and their dedication to keeping Canada's skies safe.

On Behalf of the Executive Board,

Peter Duffey
President

Doug Best
Executive Vice President
