To: REGIONAL VICE PRESIDENTS
BRANCHES & FACILITIES

COVID Winter Schedule Extension

As you are aware on March 20th the CATCA Executive Board and NAV Canada agreed to adopt modified schedules and suspend hours of work and scheduling provisions contained in the collective agreement. In July this agreement was extended until the end of November as it was required in some locations.

Traffic levels remain low in many locations and there have been significant increases in COVID-19 cases. As a result, NAV Canada and CATCA have agreed to an extension of the National Scheduling LOU which extends COVID schedules until the end of the published schedule that most closely aligns with March 31st (click [here](#) for the LOU).

The Regional Vice Presidents will be working with the GMIFR's and branch executives to determine where current or modified COVID schedules will continue or if there is a requirement in some units or specialties to return to pre-COVID schedules.

The CATCA Executive Board would like to thank you for your continued cooperation and professionalism during the resurgence of COVID-19.

Please contact your RVP with any questions or concerns.

On Behalf of the Executive Board;

Doug Best
President

Scott Loder
Executive Vice President
