BRANCHES & FACILITIES

### **Level of Service Committee**

Over the past three months, the Company has announced seven Level of Service reviews with the intent to close towers and convert them to advisory services.

CATCA is in strong opposition to these initiatives and at an Executive Board meeting earlier this week, strategies were discussed to respond to these actions.

A Level of Service (LoS) committee has been struck to properly defend our belief these services must be maintained in the interest of safety.

The Regional Vice Presidents will be in contact with the affected towers to discuss the composition and objectives of the LoS committee.

CATCA will continue to pursue all appropriate initiatives to maintain the integrity of our profession and the jobs of our members.

In Solidarity,

Doug Best  
President

Scott Loder  
Executive Vice President
