## Happy New Year

As we welcome 2021 with open arms (from a safe distance), the Executive Board (EB) would like to extend its sincerest wishes for a safe and prosperous New Year.

Last year was challenging and not without hardships. The EB has been working tirelessly and will continue to do so with their sleeves rolled up high and will continue to do so with resolve. Please know your commitment to the Association and ensuring the ongoing safety of Canadian skies and passengers has not gone unnoticed.

Let us put 2020 behind and come together for a better 2021. Cheers to the New Year!

In Solidarity,

Doug Best  
President

Scott Loder  
Executive Vice President
