

# POLICY BOOK

July 2022

## **FOREWORD**

### **POLICY BOOK**

- a. This Policy Book supersedes any previous Policy Book (previously Policy Manual) issued by the Association.
- b. The activities of CATCA/Unifor Local 5454 are first and foremost governed by its By-law.
- c. Within the provisions of the Union Bylaw and this policy book, the governing body of the Association, i.e. the Executive Board, applies specific policies as directed by the National Convention or as established by a national referendum, and formulates policy where none exists, covering both the internal workings of the Association and its relationship with the Employer and other organizations.
- d. It is worth noting that the Convention is supreme only when it is in session. A Convention resolution can be reversed by a referendum ballot. By the same token, a referendum decision can be overturned by the Convention delegates. However, it is unlikely that the Convention would act contrary to the will of the membership as expressed in a referendum except on the basis of significantly altered circumstances or the passage of a considerable period of time since the referendum ballot was held.
- e. Such policy decisions are recorded in the minutes of the National Convention or of meetings of the Executive Board, from which the material for this Policy Book has been extracted.
- f. The compilation and amendment of the Policy Book is the responsibility of the National Executive.
- g. The Policy Book is available online at [catca.ca](http://catca.ca).

### **FORMAT**

- a. Where policies are attributable to convention resolutions, referendum votes, Special General Meeting votes or Board resolutions, they are indicated as such in brackets following the appropriate paragraph(s).
- b. All policy changes made by the Executive Board since the last edition of the Policy Book are identified in the Revisions-Updates page(s) and marked appropriately within the manual (June 2002)
- c. The original issue of the Policy Book (Manual) was 1975.

### **10.4 Representational Voting Procedures**

#### Procedure

In votes on motions before the Convention unless a division is requested by 10 delegates all votes may be conducted by a show of hands with voting cards displayed and the Chairperson need not inquire as to the number of votes being cast by each delegate. Where a division is requested, or the Chairperson considers the vote unclear, each delegate shall announce the number of votes they are casting for or against the motion. Any 10 delegates may request a division immediately following any vote by show of hands. (Conv. 1981)

With representational voting three kinds of vote are possible at a Convention:

1. Show of hands;
2. Division (roll call in accordance with above para.);
3. Secret ballot (including national executive elections).

1. **Show of Hands** -, outcome of vote decided and announced by the Chairperson. Delegates will raise their voting card to indicate the manner in which their vote is cast when each vote is called by the Chairperson.

The scrutineers shall be responsible for the conduct of all secret ballots at a Convention.

Secret ballots will be held when a resolution calling for a secret ballot on a particular vote is passed by the Convention.

Any fees and/or expenses incurred in the course of operation of this Committee shall be the responsibility of the National Office. Ballots

For all votes, blank ballots will be prepared and available on which the words "In Favour", "Against", and "Abstain" shall be printed. Prior to voting commencing each ballot will also have printed on it a number identical to the identification number assigned to the Convention resolution on which the vote is being conducted.

All ballots shall be printed on paper bearing a perforated margin which will allow them to be bound and subsequently readily detached from their binding via the perforation.

Procedure

## SECTION I: ADMINISTRATION

---

When a Convention resolution has properly been referred to a secret ballot, all Convention delegates shall report to the location established for voting within the time limits specified for same by the Executive Vice President or alternate.

Each delegate will identify himself to the appropriate Balloting Officer at that location and will thereupon be issued with the same number of ballots as votes he has earlier been identified as having assigned to him in accordance with [Article 10.1](#).

Prior to handing ballots over to any voter, the scrutineer will bind all ballots assigned to that voter, via the perforated stub of the ballots, between ballot covers provided for that purpose. This assembly shall be known as a ballot book. The number of ballots contained in a ballot book shall be prominently marked on the cover of each ballot book at its time of binding by a member of the Balloting Committee.

It is the responsibility of each voter to ensure that his/her ballot book contains the number of ballots specified on its cover. Each delegate will sign a Voters List acknowledging receipt of his/her ballots and their correctness as to number. Each delegate must mark all ballots assigned to them in the same manner (i.e. In Favour, Against, or Abstain for business matters), but only for the particular vote in progress. If a second or subsequent ballot is called on any question a delegate may, at their option, mark their ballots in a different manner than they did on the preceding ballot, however all ballots assigned to them must be marked in the same manner.

**Important Note:** Where any voter has been assigned more than one vote on any ballot and selects varying choices on the ballots assigned to them for the vote in progress, all votes cast by that voter on the ballot in progress shall be declared spoiled ballots.

Polling booth(s) shall be provided for the privacy of the voters to mark their ballots.

Once each voter has marked their ballot they will proceed to the ballot box and present their ballots, with ballot covers intact, to a member of the Balloting Committee. The member of the Balloting Committee assigned to the ballot box will receive each voter's ballot book, ensure that the ballot covers are intact, and upon being satisfied of same deposit the entire ballot book into the ballot box in the presence of the voter.

Any ballot books presented to the Committee member that are not intact will not be deposited into the ballot box. It will be the responsibility of the voter to return to the balloting desk, return their spoiled ballot book, and receive a new balloting book, as appropriate, in accordance with the preceding rules of this section.

At the time fixed for the close of balloting, or earlier if all voters have cast their ballots, the members of the Balloting Committee will retire to a private room with no other persons present to proceed to count the vote.

### **10.5 Vote Counting**

1. Upon first opening the ballot box the members of the Balloting Committee will examine each ballot book and ensure that:
  - a. each ballot book contains the number of ballots specified on its cover, and
  - b. all ballots in each ballot book are marked in the same manner.
2. Any ballot book containing an inappropriate number of ballots as compared to the number specified on the cover of the book, and any ballot book not having all ballots marked in the same manner, shall be set aside by the Balloting Committee to be indicated in their final tally as spoiled ballots. The count of spoiled ballots shall be one for each ballot that either is, or should have been, in each ballot book that was invalidated.
3. Upon completion of the validation of ballot books described above, the Balloting Committee shall separate, via the perforations, all ballots from valid ballot books only and ensure that there is no further union between the stubs and covers of these ballot books, and the ballots that were heretofore attached.
4. After the separation of the valid ballots from the ballot books, the Balloting Committee shall proceed to tabulate the results of the vote. Upon completion of its tabulation the Balloting Committee shall provide the Executive Vice President/alternate with written certification detailing:
  - a. the number of delegates who voted;
  - b. the number of ballots cast;
  - c. In Favour, Against, Abstaining, in respect of the question under ballot, or;
  - d. the number of spoiled ballots;
  - e. that the voting procedures described herein were adhered to.

These late resolutions must have been passed at a Board Meeting or a Branch/Facility Meeting, or a Branch Council Meeting.

Staff and members are encouraged to contribute to these social media platforms and online communities. This policy applies to all staff and members contributing content to official CATCA pages (as opposed to personal pages), and this content is intended to add expertise, specialized information, and at all times be congruent with the Union mission, vision and core values. This does not apply to CATCA Staff or members in their personal use of social media platforms where the staff or member makes no reference to CATCA/Unifor Local 5454.

Social Media allows staff and members to upload media content such as photographs, video, and comments. When posting content, it is important to remember the reason for doing so, the aim of the Union is to:

- Promote CATCA's mission
- Reach a wider, more diverse audience

- Educate and inform
- Endorse ATC professionalism and the global ATC community
- Promote events
- Learn about our community and its needs

## **2. PUBLIC STATEMENTS**

### **2.1 Public Statements - Authority**

- a. Under normal circumstances, it should not be necessary for any Union official, except the National Executive, to make any official statement or press release without first consulting with and receiving authority from the National Executive.
- b. Union Spokesperson: The President will act as spokesperson for the Union; Regional Vice Presidents may issue statements on national issues authorized by the Executive. Other members are not authorized to make statements in the name of the Union.

Members should be warned that statements which may be construed as criticism of the Employer or Government, its policies, or practices may result in severe disciplinary measures by the Employer or the Department of Transport

The Union shall make no public comment on the acceptability of a proposed settlement until the results of the ratification vote are made known. (Conv. 1999)

### **2.2 Public Statements - Guidelines**

The following guidelines are meant to be used primarily during contract negotiations when time or circumstances may not permit consulting the Executive, but will also apply whenever such consultation, for whatever reason, is impossible.

- a. ***Guidelines for National Executive*** - The National Executive will:

- Issue press releases;
- Make official union statements on matters of national scope;
- Be available for interviews by the national media;
- Participate in nation-wide phone-in and talk shows;
- Handle Ottawa-area media relations, as required, after consultation with the headquarters regional vice president and the Branches/facilities concerned;
- Forward to Regional Vice Presidents and Branches/facilities, if required, information on facts and policies of the union for regional and/or local publicizing;
- After consultation, grant authority to Regional Vice Presidents to act as spokesmen for the union on certain specific matters.

**b. *Guidelines for Regional Vice Presidents - The Regional Vice Presidents will:***

- Make statements on regional issues to regional media;
- Participate in regional phone-in and talk shows;
- Grant interviews to regional media;
- Relay to regional media information received from the national executive;

**c. *Guidelines for Branches/Facilities - Branch Executives/Facility Stewards will always consult with their respective Regional Vice President first, and then:***

- Grant interviews to local media, dealing strictly with facts; and
- Relay information to the local media as required by their respective regional vice president.

Always — but particularly during periods of stress — remember that only the Union President and Vice Presidents are the official spokesmen for CATCA. As employees of NAV Canada / SERCO / federal public servants, you are open to disciplinary action by the Employer if you make any statement that is critical of NAV Canada / Government policies, practices, or actions.

When being interviewed or as a guest on a radio or TV show, remember to stick to facts and maintain a business-like approach. Hosts of talk and phone-in shows are paid to make their shows interesting and will often attempt to induce their guests to make controversial statements.

Be aware of this fact. Don't let your temper flare up. Make no rash statements or threats. Don't answer insulting or irrational calls or questions in the same manner; remain calm, factual and, if possible, polite.

If a strike action by other Bargaining Agents may endanger the continued use of ATC equipment or may result in other hazardous situations affecting the safety of the ATC system, the matter is to be reported immediately to a responsible NAV Canada representative and to the National Office of CATCA/Unifor Local 5454. In the meantime, controllers are advised to use extreme caution in handling any traffic during such conditions and to ensure against over-extending the capabilities of the ATC system while relying on equipment which may suddenly become unserviceable. Traffic delays under such circumstances are usually understood and acceptable to the public in the interest of aviation safety.

It is the policy of this Union that it will bargain only on a national level and for a national pay scale. (Conv. 1973)

##### 4.2 Meetings with the Employer

It is in the best interest of the Union that all negotiations relating to collective bargaining be held in an open and professional manner. **Once the collective bargaining process begins, all meetings with the Employer at which negotiations take place shall include at least two members of the CATCA Contract Committee.** (Conv. 1993)

##### 4.3 Equitable Sharing of Financial Losses

The Union endorses the principle of equitable sharing of financial loss resulting from strike action. (Conv. 1979)

Further to the above:

Be it resolved that following any legal strike or lockout action by/of member of Local 5454, a special levy of salary be collected from all members to support the Policy Book, [Appendix D](#) "Insurance Trust Fund Trustees". Such levies shall continue until all members identified as having suffered financial losses due to strike action have received their entitlement. Each member who has suffered a financial loss shall be able to access such funds as necessary to ensure an equal financial burden has been placed on all members. (April 2002)

Application:

The total number of hours of CATCA/Unifor Local 5454 members on strike or locked out, divided by the membership shall equal the amount of hours that each member is responsible for. The difference in the individual member's actual hourly contribution to the strike or lockout will be either reimbursed or collected at the individual's hourly rate. This shall be limited to losses of normal pay only.

Be it resolved that any member who has been on strike or locked out and has suffered a loss in Normal pay, may make an application to the Executive Vice President of Local 5454 for an advance of funds to be offset by payment from the special levy funds. Such advances shall not be withheld, save for the ability of the Union to pay. Such payments shall be to a maximum of \$600 per week of strike/lockout action. Any funds advanced shall be reimbursed to the Union directly from any monies owed the member from the special levy fund. (April 2002)

## **SECTION VI: IFATCA**

### **1. GENERAL**

#### **1.1 IFATCA Formation**

The International Federation of Air Traffic Controllers' Associations (IFATCA) was established on October 20, 1961 in Amsterdam.

CATCA joined IFATCA on April 2, 1964.

Canada is a member union within the Americas region.

Information on IFATCA policies can be found on their web site at [ifatca.org](http://ifatca.org).

#### **1.2 Standing Committees**

The four Standing Committees (SC) are:

- a. TOC - Technical and Operational Matters in ATC
- b. FIC - Finance
- c. PLC - Professional Matters in ATC
- d. CAC - Constitution and Administrative Matters in ATC

#### **1.3 IFATCA Conferences**

The maximum number of the official delegates is limited to four (Conv. 1987). Be it resolved that CATCA National send a minimum of three (3) representatives to the annual IFATCA conference so that meetings for all three (3) committees (A – Administration, B – Technical, C – Professional) are attended by official CATCA representatives (Conv. 2007)

Normally, the Union will send four delegates to the annual Conference. The President, or his/her designate, and the IFATCA Liaison Officer will automatically be included on the delegation. CATCA representatives on IFATCA Standing Committees will be given priority in filling other delegate positions. Members of the Executive Board may fill any remaining positions on a rotating basis. (Conv. 1997)

In the eventuality that it is impractical to send Delegates as listed above, the Executive Board will, by majority vote, appoint delegates to attend and at least one, if not more have held a regional or National elected position in the past (Conv 2010).

#### **1.4 Membership Benefit to CATCA**

Canada is a member of the International Civil Aviation Organization (ICAO). ICAO develops ATC procedures and operating practices, which are adhered to by member states. As a result, many of our ATC procedures and operating practices are developed by ICAO.

Through IFATCA, CATCA has an opportunity to influence decisions that are made at ICAO and the International Labour Organization (ILO) in matters that can have a direct impact on how we provide air traffic control service and our working conditions. These international organizations do not acknowledge national organizations, only international organizations.

Contacts through IFATCA, both at conferences and during the everyday operations of CATCA/Unifor Local 5454, allow the Executive Board to stay abreast of changing technologies and working conditions in air traffic control around the world.

CATCA has the opportunity to assist member associations at improving their ATC system and working conditions.
