BRANCHES & FACILITIES**

Fatigue Survey

As you are aware, there have been changes made with the implementation of the fatigue limits and Nav Canada has developed a survey to collect subjective data which will inform the Fatigue Safety Action Group of the impact on fatigue levels for affected employees. Let NAV know how you feel about the fatigue program by completing their survey. Filling out the survey will take about 5 minutes. Please have all answers submitted by May 8th, 2024.

[Click here to access the survey or scan the QR code below.](#)

In solidarity,

Nick von Schoenberg
President

Scott Loder
Executive Vice President
